

# ICPEA

2018 International Conference on Power and Energy Applications  
April 7-9, 2018 | Hong Kong

<http://www.icpea.org>

## Publication

The accepted (Registered & Presented) full papers will be published in the special issue of **International Journal of Smart Grid and Clean Energy**. (Click )  
ISSN: 2315-4462 (Print); ISSN: 2373-3594 (Online) DOI: 10.12720/sgce

**Indexing:** EI (INSPEC, IET), DOAJ, Ulrich's Periodicals Directory, Google Scholar, Crossref, Scopus.

## Committee

### Conference Chair

Prof. Christopher Chao, The Hong Kong University of Science and Technology, Hong Kong

### Program Chairs

Prof. Jen Tien-Chien, University of Johannesburg, South Africa  
Prof. Mohan Kolhe, University of Agder, Norway  
Prof. Kei Eguchi, Fukuoka Institute of Technology, Japan

## IMPORTANT DATES

**Submission Deadline** February 10, 2018  
**Notification Date** February 25, 2018  
**Author Registration Deadline** March 10, 2018  
**Camera Ready** March 15, 2018  
**Listener Registration Deadline** March 30, 2018  
**Conference Date** April 7-9, 2018

## GET IN TOUCH

## Conference Topics

Active components  
Adjustable speed drives  
Advanced power converter topologies  
Advanced renewable energy systems  
Application of control methods to electrical systems  
Batteries and Management Systems (BMS)  
Contactless power supply  
Devices, Packaging and System  
Integration  
Distributed power supplies  
Electric propulsion systems for electric vehicles  
Electrical Machines  
Sensors

Estimation and identification methods  
EV's battery chargers: Contact and contactless  
Fault coordination and protection of DC grids  
Grids and Smart Grids  
Hard and Soft switching techniques  
High performance drives  
High voltage DC power supplies  
HVDC & FACT's  
Industry Specific Energy Conversion and Conditioning Technologies  
Low voltage DC power supplies  
Passive components  
e-Mobility

Power Converters Topologies and Design  
Power Electronics and Applications  
Power Electronics Devices and Converters  
Power electronics in aerospace and space applications  
Power electronics in transmission and distribution systems  
Power factor correction techniques  
Power quality issues  
Solar energy systems  
Standards and regulations  
Uninterruptible power supplies (UPS)
